Subject: Request for Components for Robotics Project

Respected Sir,

As part of our ongoing robotics project in the Nextronix Club, we require the following components to proceed with the development and testing phase:

| Component | Quantity | Approx. Rate (INR) |
|--------------------------|----------|-----------------------|
| motor | 4 | 150 each (₹600 total) |
| Boo wheels | 4 | 50 each (₹200 total) |
| Arduino Board | 1 | ₹600 |
| Motor Driver | 1 | ₹250 |
| Bluetooth Module / ESP32 | 1 | ₹350 |
| Lithium Battery | 3 | ₹1200 |
| Car Body | 1 | ₹500 |
| Jumper Wires | 1 | ₹150 |
| Glue Gun | 1 | ₹300 |

These components are essential for building and testing a functional robotic car, which will enhance our technical skills and contribute to our club's innovation initiatives. The total estimated cost is approximately ₹4,150.

I kindly request your approval and assistance in procuring these items at the earliest convenience.

Thank you.**Sincerely,**

HRIDYESH KUMAR

Vice President- Design and Technical
Nextronix Club
